FIREMEN END SUCCESSFUL ANNIVERSARY

With fireworks spelling out "The End," the 90th Anniversary festival of the Gettysburg Fire Department concluded Saturday night about midnight, and firemen generally termed it one of the more successful of the annual events.

An estimated 7,500 jammed the Recreation park carnival area Saturday night to provide the firemen with the second largest crowd of the week. The largest was present Thursday evening when those attending found it difficult to move from attraction to attraction because of the throng.

Both the kitchen and "hot dog stand" sold out shortly after the fireworks display, with the crowd and its demands for food much larger than the firemen had anticipated.

DISPLAY EQUIPMENT

With rain occurring on only one evening, and that late in the night, and with every evening of the week long festival well attended, the firemen were pleased with nearly all aspects of the festival. The fireworks proved unusually attractive this year with the displays including such items as two battleships firing missiles at each other over a 20-foot area. More "ground" displays were shown this year while aerial fireworks were as numerous as ever.

A demonstration of the equipment available for the ambulance service and a demonstration of use of the trampoline were among the special features Saturday night. Despite the thousands who attended the festival, the ambulance, on duty nightly at the festival, made only one run, and that on Saturday night. A 19-year-old York Springs visitor found himself unable to breathe momentarily and was rushed to the hospital. After brief examination there he was taken to a local physician for a further check. He told ambulance corps attendants he had been under a physician's care for what appeared to be a reaction to spray material he had been placing in an orchard.

LIST WINNERS

A number of awards were given in connection with the festival. The recipients included first through ninth, respectively, G. C. Bixler, 24 Chambersburg St.; Tony Clabaugh, 50 York St.; Bill Weikert, care of Warren Chevrolet; Robert Little, 29 Breckenridge St.; Richard R. Bucher, 214 S. High St.; Mechanicsburg; George M. Zerling; Claude Rudisill, 147 W. Middle St.; D. W. Woods Jr., Gettysburg R. 3, and Kenny Brennan, York R. 6.

A preliminary report on the gross festival income is expected to be given by Chairman Francis I. Linn at a meeting of the fire department Wednesday evening at Recreation Park.

Institute Taped At St. Joseph's

Taped recordings of the Institute of Fine Arts held at St. Joseph College, Emmitsburg, during the past year are being distributed to various colleges throughout the nation that the lecture series may be more fruitful.

Among the participants in the program were Philip Scharper, former associate editor of "Commonwealth"; Rev. Russell Woolen, priest, teacher and composer; playwright Emmett Lavery; Sara Lee Stadelman, writer, choreographer and composer of original dance dramas; and Rt. Rev. Msgr. Francis Schmitt, a liturgical authority.

The Institute was coordinated at St. Joseph's by Donald J. Waters, associate professor of speech and drama, under a grant from the Esso Education Foundation.

New Joint School Committee To Meet

The first meeting of the newly-formed Joint School Operating Committee in the Gettysburg Joint School system will be held this evening at 8:30 o'clock at the high school building.

The new operating committee, which will handle joint school district business in the future, was formed under an agreement between the member school districts in the jointure which was signed in anticipation of the merger of Gettysburg borough and Freedom Twp. school districts into the "Gettysburg Area School District."

The new joint school committee is made up of 14 members, two from each of the seven original member districts.

NEW PA. LAW BARS RECORD FOR WELLER

A change last year in state law will prevent Garnet Roy Weller, 30, Hagerstown, from obtaining a transcript of the trial last February which resulted in his being incarcerated in the penitentiary for 2½ to 5 years on a sentence in a burglary and larceny case.

Weller was found guilty February 12, 1960, of burglarizing the furniture factory office on June 28, 1958, using a "knob puller" to open the safe.

He was removed the same day to Rockview Penitentiary at Bellefonte by Sheriff Dawson Miller to complete sentence on a Bedford burglary, with the Adams County sentence to begin at the expiration of the Bedford sentence.

Weller recently asked Adams County to furnish him with certified copies of certain court records, including the notes of testimony, at county expense.

RECALLS '51 CASE

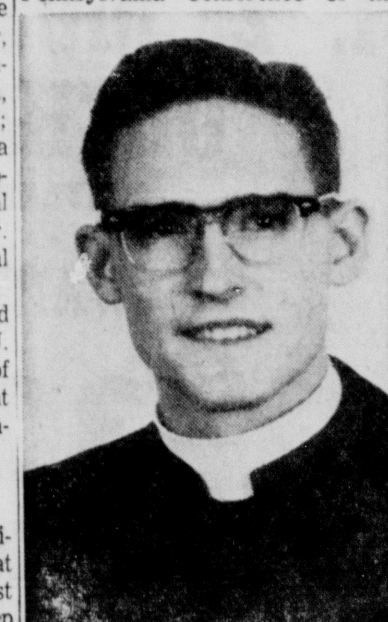

In an opinion handed down Saturday, Judge W. C. Sheely noted that in 1951 he had held in Commonwealth versus Bishop that a defendant convicted in the court of oyer and terminer and general jail delivery "was entitled to receive a copy of the notes of testimony at the cost of the county without setting forth any alleged irregularity in the proceeding and even though the time for appeal may have elapsed."

The court held that on January 8, 1960, a month before Weller was sentenced, the state legislature amended the prior Act of 1907 by inserting a proviso that "if requests . . . are made within 90 days from date of verdict."

OHIOANS PLAN TO ERECT NEW MEMORIAL HERE

Some of the acreage reclaimed by the Gettysburg Battlefield Preservation Association will soon carry a memorial monument if the Ohio legislature and Buckeye State GBPA officers have their way.

John J. Cabaugh, president and chairman of the GBPA board, and Henry M. Scharf, a board member, met recently with Judge Robert M. Draper, of the Court of Common Pleas, Franklin County, O., and president of the Ohio GBPA, and John Wolfe, unit treasurer, and discussed plans for the site of an Ohio memorial to mark the advanced position of Dilgers Battery on the Meals farm, a GBPA acquisition.

Earlier the Ohio legislature had passed a resolution requesting the Ohio Civil War Centennial Commission, William S. Carson, chairman, to conduct a study relative to the location of such a memorial at Gettysburg.

Noting that this year marked the beginning of the Ohio observance of the centennial, the 104th General Assembly declared itself "impressed with the desirability of determining a suitable location for an appropriate memorial honoring Ohio's contribution to the Civil War, especially its participation at Gettysburg."

319,189 SAW SERVICE

According to the resolution, Ohio supplied 319,189 men to the Union armies. Three out of every five Ohio men between the ages of 18 and 45 saw military service, of which 35,475 were killed or missing. About 6,000 Ohioans fought at Gettysburg, including 13 infantry regiments, a cavalry regiment and six batteries whose losses amounted to slightly more than five per cent of the total Union losses.

The commission was advised to recommend not only a site but the type of memorial and the method of financing for report to the Ohio General Assembly not later than Jan. 31, 1963.

PLAN FUND DRIVE

At their meeting with Cabaugh and Scharf, Draper and Wolfe also discussed plans for a month-long campaign beginning Sept. 11 in Ohio to raise sizable funds for GBPA land acquisition. The Ohio unit expects to have a display of Civil War material at the Ohio State Fair, to place deeds on sale, to erect a tent with items from the Gettysburg battle and to feature daily skirmishes between the 2nd Ohio Volunteer Infantry and the 2nd Kentucky Cavalry.

Captain Hubert Dilger led Battery 1 of the First Ohio Regiment in the fighting north of town on July 1, duelling the Confederate artillery battery on Oak Ridge in the vicinity of the present Coebean House and Butterfields. He was a colorful personality and an excellent artilleryman, and played an important part in slowing Stone wall Jackson's assault on the Union right flank at Chancellorsville. Following the artillery fighting on July 1, Dilger's group was withdrawn to Cemetery Hill.

Entertainment and amusements are being planned for the afternoon by committees appointed by the county board of school directors.

Discuss Ohio Memorial Here

Scharf, GBPA board member; Judge Robert Draper, Ohio GBPA chairman, Columbus, O.; John Cabaugh, Harrisburg, president and board chairman of GBPA, and John Wolfe, treasurer of the Ohio State group, are shown discussing plans for an Ohio Civil War Memorial on the site of Dilgers Battery on the battlefield. The group also discussed arrangements for the month-long drive beginning Sept. 11 in Ohio for funds for the acquisition of the battlefield land by GBPA. (Times Photo)

LOCAL HEALTH PROBLEMS UP IN CONFERENCE

Health and sanitation problems in the First Ward, First Precinct, and in the town generally, were up for discussion this morning at a public meeting of the Gettysburg Environment Sanitation Committee in the council chambers of the engine house.

The discussion brought to light some unusual problems, including that of the lady who buried her garbage — in her neighbor's back yard.

Discussed in particular were approximately 12 problems of health and sanitation in First Ward, First Precinct, which were turned over to Borough Police-man Clarence Cluck. Officer Cluck is to meet with the people causing the sanitation and fire hazard problems and see if they will correct them.

ASSIGN OFFICERS

Pictures taken of a number of sanitation and fire hazard problems in the community were shown those attending the meeting.

Under a plan for checking such problems, Burgess Wilbur Plank reported to the group this morning that Officer Cluck will look after First Ward, First Precinct; Officer Ray Breighner, First Ward, Second Precinct; Officer Paul Shealer the area in Second Ward north of Railroad St. and west of Carlisle St.; Officer Russell Potter the parts of Second and Third Wards west of Baltimore St. and Carlisle St. bounded by Railroad St. on the north and by High St. on the south, plus the area south of High St. west of the Recreation Field.

\$1,000 DAMAGE IN 3 CRASHES; NONE INJURED

Damage totaled more than \$1,000, but no one was injured in three accidents investigated by state police Sunday afternoon.

At 5:25 p.m. the officers were called to a hit-and-run accident two miles north of Biglerville on a legislative route about a half mile north of the Biglerville-Arendtsville Rd. State police said Bonnie J. Funt, 18, Aspers R. 1, was driving south approaching the crest of a hill. At that moment a northbound auto came over the top of the hill, sideswiped her vehicle and continued on without halting. Police said the impact did not "bend any metal" but scraped the paint from the side of the Funt vehicle. They estimated the damage at \$15.

At 5:40 the police answered a call to a four-car collision four miles north of here on the Gettysburg-Harrisburg Rd. in which damage totaled \$700. According to police, Harry Swab, 33, Franklin, Pa., going south, halted his car preparatory to making a left turn. Phyllis A. Rohrbaugh, 21, Hanover, stopped her car behind the Swab vehicle. Then, police said, Patricia Taylor, 35, of Wausau, Wisc., was unable to halt her car quickly enough and it hit the rear of the Rohrbaugh vehicle.

About the same moment Viola Alberta Koonce, 40, Rockville, Md., also headed south and unable to halt quickly enough, hit the rear of the Taylor vehicle, and the various impacts drove the Rohrbaugh car into the rear of the Swab vehicle. Damage was estimated at \$150 to the Koonce sedan, \$350 to the Taylor vehicle, and \$100 each to the other two cars.

The third accident occurred at 6:20 o'clock at the intersection of two township roads in Reading Twp., near Hampton. Police said Ernest L. Shelleman, 29, East Berlin R. 2, was driving a station wagon east and Dale A. Beaverson, 17, York Springs R. 1, was traveling south in a sedan when the two autos came together in the intersection. Damage was estimated at \$300 to both cars.

Spectacular Failure For New Satellite

POINT ARGUELLO, Calif. (AP)—The United States' first attempt to launch a missile-alarm satellite into an orbit that would have taken it over Russia failed spectacularly today when the 96-foot projectile failed to lift from its launching pad.

The launching of Midas III fizzled at 8:59 a.m.

Observers on a hilltop 10,000 feet away saw a great sheet of flame burst around the base of the projectile. This died out a second later and was followed by a huge puff of black smoke, indicating that ignition of the powerful 360,000-pound thrust rocket engine had failed.

A great plume of white smoke erupted from the nose of Midas III's first stage Atlas booster as technicians began purging it of highly explosive liquid oxygen, apparently in an effort to prevent a disaster.

It worked. As the smoke and fumes cleared away, the bird could be seen resting apparently undamaged on its seaside launching pad 150 miles north of Los Angeles.

SEARCH UTAH MESA FOR GIRL MISSING WEEK

MOAB, Utah (AP)—Small footprints and a undie of clothing found on a desolate mesa spurred search parties today in the hunt for Dennise Sullivan, 15, of Rockville, Conn., who was kidnapped a week ago by a man who killed her mother.

Despite the discovery, there seemed little chance that the girl could have survived six days in the scorching desert country.

The Salt Lake City Tribune said the bundle of clothing, a pair of men's gray work pants, some shorts and a red and brown shirt were wedged between two rocks on the northeast rim of Polar Mesa which is northeast of where the chief suspect in the kidnapping stayed for three days after the July 4 abduction.

The footprints were spotted in the same general area.

SLAYER IN AREA

The Tribune said Mrs. Nathan Ince, a cook at a remote Polar mesa mining camp, told investigators that Abel B. Aragon, 35, of Price, Utah, an unemployed World War II hero, was seen periodically for three days by 20 miners at the camp.

She said Aragon seemed nervous and stayed to himself, but once approached her and asked, "Did you hear a woman screaming?"

Aragon, winner of the Navy Cross for Valor, shot himself to death last Friday night when FBI agents stopped his car to question him. Investigators linked him to the slaying of Mrs. Jeannette Sullivan, 41, the wounding of a vacation companion, Charles Boothroyd, 54, also of Rockville, and kidnapping of Dennise.

Boothroyd is recovering from face wounds.

FIREWORKS AT STRIP MINING BILL HEARING

HARRISBURG (AP)—Sen. John J. Haluska reported rumors today that West Virginia strip mine operators offered \$25,000 to buy passage of tougher restrictions on Pennsylvania's strip operators.

Haluska dropped the remarks at hearings by his local government committee on a pair of bills to increase filling requirements on abandoned mines.

The remark brought an angry objection from Rep. James Musto, D-Luzerne, one of more than 100 spectators crowded into the hearing room.

CALLS DOWN HALUSKA

Musto said Haluska, Cambria County Democrat, was insinuating that the money was paid to House members, who passed the measures last month.

Haluska ruled Musto out of order and the Pittston legislator stalked from the hearing room.

Only moments before, an official of the Pennsylvania Federation of Sportsmen's Clubs rose in the audience to object to Haluska's cross-examination of John F. Laudadio, lobbyist for the federation.

It was the first bit of fireworks in the hearings on the controversial measures.

LET'S MATTER DROP

Haluska did not elaborate on the report of a \$25,000 bribe offer by West Virginia operators.

Laudadio, who was testifying at the time, said he had not heard of such an offer.

Sen. William J. Lane, assistant Democratic floor leader, asked Haluska if he had any proof of such an offer and Haluska let the matter drop.

Laudadio was the fourth witness at the hearings.

200 Perish As Portuguese Ship Carrying 550 Persons Runs Aground, Explodes

JOHANNESBURG, South Africa (AP)—The South African radio said today at least 200 persons perished when the Portuguese ship Save, carrying more than 550 troops and laborers, ran aground and exploded off Mozambique.

The South African Press Association reported from Lourenco Marques, capital of that Portuguese East African colony, that the toll may reach 250.

The 2,037-ton transport, swept onto a sandbar in a storm Saturday, was reported a complete wreck after being battered by heavy seas and racked by explosions and fire.

CARRIED TROOPS

The Save ran into difficulties after leaving Lourenco Marques with troops, laborers and military supplies for calls at northern ports in the sprawling East African colony.

Mozambique is largely under military control and Portugal has been pouring troops into the country to prevent a nationalist uprising like that raging in the sister colony of Angola.

One report from Lourenco Marques said about 200 Portuguese soldiers and 300 Africans were aboard the Save, but other reports said as many as 700 persons might have been aboard.

Wife Says Hemingway Left Unpublished Works; Feels Sure Death Was Accident

KETCHUM, Idaho (AP)—Ernest Hemingway's wife, "Miss Mary," as he called her, said her husband was in such good spirits before his death that she feels "quite certain that this, in some incredible way, was an accident."

She also told newsmen in a special interview Saturday, that he did indeed have several works not yet published—a novel cached in a Cuban bank, another manuscript in a bank at Hailey, Idaho, which he was going to work on this week, and some poems.

Hemingway, the 61-year-old Nobel prize winning author, died of a shotgun blast in his head Sunday, July 2, at his mountain home retreat near this southern Idaho community.

CORONER'S REPORT

The coroner said it was self-inflicted but maintained that no body could ever know for sure whether it was accidental or on purpose.

KENNEDY LAGS IN FILLING JUDGESHIPS

WASHINGTON (AP)—Only one of the 73 federal judgeships created by Congress in May has been filled. But the rate of appointments is expected to pick up shortly.

Sen. James O. Eastland, D-Miss., Senate Judiciary Committee chairman, told a reporter Sunday he understands President Kennedy will submit nominations for most of the judgeships before Congress adjourns. Target date for adjournment is Labor Day.

Kennedy urged the legislation providing for additional judges to speed up the handling of cases in federal courts and signed it into law May 19.

INTERESTED IN QUALITY

A justice department spokesman said the administration is more interested in quality than in speed in selecting judges for lifetime appointments and that careful screening of the possible nominees takes weeks.

"Hundreds of names are involved," he said, with recommendations submitted by governors, senators, bar groups and others.

He said he expects appointments would be made for at least half of the new district and circuit court judgeships before Congress packs up.

Eastland's judiciary committee considers all federal judiciary appointments before the Senate votes on confirmation.

Of the 73 new judgeships, the only one filled is that of a district judge in Mississippi.

o'clock when problems of First Ward, Second Precinct, will be before the committee. All residents of Second Precinct are invited to that meeting.

Representing the Women's Civic Council at the meeting was Mrs. Guyon Buehler. Representing the health committee of the Adams County Council of Community Services was Mrs. Franklin Bigham.

Only two residents of the First Ward, First Precinct, were present, although Burgess Plank had a number of letters, which he read, from persons favoring action on the recommendations of the Environmental Sanitation Survey made last year—including the banning of bonfires or listing reasons why bonfires need be maintained.

NEED FOR ORDINANCE

Burgess Plank said that "we want to hold these public meetings so that the people of the town can make suggestions. The more present the better answers we can get."

Those present seemed agreed bonfires must be banned—because it is the only way that burning of garbage can be stopped.

The question of outdoor barbecues was brought up—whether they would be banned along with all bonfires. Burgess Plank said that: "What is needed is a borough ordinance, spelling out what is allowed and what is not allowed. It might be that council would decide to pass an ordinance which would permit outdoor grills, etc. Perhaps there should be some type of regulation, a permit, perhaps, at no cost, and an occasion inspection to see that the grill is operating properly and not being used to burn garbage. This I think is a matter for council action."

Evening sessions, probably in August, were suggested. Burgess Plank said: "We might hold a series of evening meetings next month."

ISTANBUL, Turkey (AP)—Unofficial returns today showed the majority of Turkish voters approved the new constitution in the first such referendum in Turkey's history.

Counting continued on in several provinces, but it was estimated that at least 60 per cent of those voting cast white ballots Sunday approving the constitution, second in the Turkish Republic's 38 years.

MESOCO, Switzerland (AP)—British actor Edmund Purdom opened divorce proceedings against his Polish-born wife, Alicia, over the weekend. He charged "incompatibility of character."

"THE TROUBLE-MAKERS"
Beware of trouble-makers... they're masters of deception... and when they make a statement... it's only their conception... they can distort even the truth... in a most cunning way... only in what they have to say... they agitate, then step aside... while friend argues with friend... to see people unhappy... their greatest dividend... detecting them is rather hard... for they are quick to lie... squirming out from under... after spoiling the pie... what causes them to flourish... I really do not know... beware of the troublemakers... they're everywhere you go.

CUBS PLAYING
COACH SYSTEM
WELL WITH 11

By JOE MOOSHIL

Associated Press Sports Writer
CHICAGO (AP)—It may seem rather foolish to say that a team in seventh place has made great progress in a year, but that's the current story of the Chicago Cubs.

And some of the success certainly must go to owner P. K. Wrigley's revolutionary idea of having a group of coaches run the team instead of baseball's accepted procedure of one manager being lord and master.

Last year at the All-Star break, the Cubs had a 30-46 record and were in last place. Presently they have a 36-44 record and are 2½ games out of fifth place.

FIVE IN ROW
They took a doubleheader from Philadelphia Sunday, 9-8 and 8-5, to stretch their winning streak to five games and give them 11 wins in the last 15 games.

Harry Craft, one of the Cubs' 11 rotating coaches and a former major league manager, is sold on the Cubs' system.

"A lot of people laughed when Mr. Wrigley introduced the plan but it's working and the real payoff will come when the kids in the minors get up to the big leagues," said Craft.

MORE DISCIPLINE
Elvin Tappe, currently the head coach, believes the system brings about more discipline which "is good for the players and the team as a whole."

While the Cubs are on a hot streak, the Phillies have gone into another deep slump.

They now have lost seven in a row and 14 of their last 15. They are buried in the cellar, 12 full games behind the Cubs.

To make matters worse, the Phillies passed the halfway mark of the season with 55 losses, more setbacks at that point than any Phillies' team in the post-war era.

Art Mahaffey (7-10) lasted only an inning in the opener when the Cubs pounded him for five hits and six runs—only two of which were earned. Ed Bouchee and Al Heist belted homers in the opener to spark the Cubs' 15-hit attack, and give Glen Hobbie (7-9) the victory. Frank Herrera and Taylor belted homers for the Phillies in the opener.

CAME FROM BEHIND
A solo homer and a two-run single by Don Demeter helped push the Phillies off to a 4-1 lead in the nightcap but the Cubs fought back with three runs in both the third and sixth innings.

Bouchee belted a homer in the second game and Bill Williams drove in three runs with a double and a single. Dick Ellsworth (3-6) was the winner, Chris Short (2-5) the loser.

The Phillies failed to take advantage of seven Cubs' errors, four of them in the first game.

In sweeping the four-game series, the Cubs collected 46 hits and scored 32 runs.

BURY MRS. KUYDENDALL

MERCURY DROPS
THROUGH STATE

By THE ASSOCIATED PRESS
You would never know it was a night in July last night in Pennsylvania.

Temperatures dipped to 46 in Pittsburgh, the lowest there since a 50-degree reading in 1895.

In Philadelphia, it went down to 54 by 6 a.m. today—the coldest reading ever for this date in weather bureau records. The previous low for a July 10 was a 55 in 1890.

But the place where it really was cold was in Phillipsburg, That Centre County community registered a 35, only three degrees above freezing. That made it the second coldest place in the United States, according to the U.S. Weather Bureau.

GIRL DIES OF CAR INJURIES
HAGERSTOWN, Md. (AP)—A 17-year-old College Park, Md., girl died Sunday in Washington County Hospital of injuries suffered Saturday night in a two-car accident.

City police identified her as Nancy Melinda Wells, daughter of Mr. and Mrs. David E. Wells.

She was a passenger in a car driven by David Warren Harrison, 19, of University City, Md. Harrison, who escaped injury, was charged with driving the wrong way on a one-way street.

His car crashed head on into the other vehicle, driven by Dianna Deed of Hagerstown. Her car left the street and rammed into the front of a store, causing an estimated \$5,000 damage to the building, police said.

Miss Deed and four of her passengers were treated and released from the hospital.

VAN JOHNSON WORKS HARDER IN MUSIC MAN

By BOB THOMAS

AP Movie-TV Writer

LONDON (AP)—Van Johnson is working harder than he ever has in his life—and he's having a ball.

How he got to this point is quite a story. It takes him from the feudal fastness of MGM through the rocky shoals of free-lancing and to the tax-free heights of Switzerland.

Van is smack in the middle of a year's contract to play trombone salesman Harold Hill in the London production of "Music Man."

REWARDING WORK
"It is the most rewarding work I've ever known," he said in his London flat. "That famous British reserve doesn't apply to theater audiences. They cheer and yell. 'Go it, Van!' I love it. You don't get applause when the director says, 'Cut.'"

"But it's also the toughest role imaginable. It's as though Meredith Willson thought, 'Now how can I write a part that will tax a leading man to the extreme.'"

Last summer he played "Damn Yankees" at \$7,500 a week in tent theaters. That gave him the nerve to accept "Music Man" here.

SCARED EARLIER
"I was scared before that," he remarked. "I had 14 years at MGM. They were great years, but they didn't equip me for facing the outer world. The studios wrap you in cotton batting."

Unwrapped and set adrift, Van fared well for a while, then met with diminishing results. During one period, he tried living in Switzerland to protect his income from the ravages of taxes.

"At first it seemed wonderful," he said. "The scenery was fabulous. We'd have dinner one night with Deborah Kerr and Peter Viertel, then with Audrey Hepburn and Mel Ferrer. I played tennis every day with Charlie Chaplin. I sent smoke signals from Alp to Alp with Paulette Goddard."

BEGAN TO PALL
Then the life began to pall. The first to crack was Van's wife Evie. "I can't stand it any more," she said, leaving him.

"I stayed on," Van said. "But I got to thinking. What good was the million dollars in the unmarked safety-deposit drawer if I would end up an old actor with nothing to do but play tennis with Charlie Chaplin and send smoke signals to Paulette Goddard?"

"The climax came when the scenery started getting closer and closer. One morning I woke up and the mountains were at the foot of my bed. That did it. I called Evie in New York and told her I wanted to talk things over. I took the first plane out of Zurich."

He patched up his problem with Evie and she is here cooking for him.

MISS MARKLE
WED SATURDAY
IN NEW OXFORD

Miss Patricia Jean Markle, daughter of Mr. and Mrs. Fenton P. Markle, New Oxford R. 1, became the bride of Burnell Charles Flickinger, son of Mr. and Mrs. Clinton Flickinger, Hanover, Saturday at 3 p.m. in Immaculate Conception Church, New Oxford.

NEW PA. LAW

the requests will be approved. The act also provides that "at any time in the discretion of the court" the transcripts may be granted.

Under that proviso, the court held, it "would seem that the broad rule we announced in Commonwealth versus Bishop would apply only if the request for a copy of the notes of testimony is made within 90 days of the verdict."

PETITION DENIED
The court added that the discretion allowed the court after the 90-day period "is, of course, a legal discretion and its exercise must be based upon finding of facts in the case which would justify its exercise."

Weller, in his petition "fails to allege any facts or specify what constitutional rights of the petitioner were violated or what laws of the United States or of the Commonwealth of Pennsylvania make his imprisonment unlawful. Consequently there is no basis for the exercise of the court's discretion to furnish him with a copy of the notes of testimony at the cost of the county."

As a result, "the petition must be denied."

JFK CHARGED WITH "ERROR"
By LEE LINDER
PHILADELPHIA (AP)—The executive secretary of the National Association for the Advancement of Colored People says President Kennedy "has made an error" in failing to prod Congress for new civil rights legislation.

But the secretary, Roy Wilkins, insisted he wasn't quarreling with the Kennedy administration, nor castigating it for the President "has done fine in appointment of Negroes to high offices" and eliminating segregation policies in plants that do business with the government.

"But we need more laws immediately, not only action under existing laws," Wilkins told a news conference Sunday on the eve of the NAACP's 52nd annual convention. It opens a week of sessions tonight with some 1,200 delegates representing nearly 389,000 members in 45 states.

LAUDS RIDERS
The NAACP, in a 72-page report issued at New York, credited efforts by its members in 1960 as responsible for many victories against discrimination.

"The civil rights victory is just around the corner," the report said.

He praised the "Freedom Riders" in the South, saying their actions have awakened the complacency in the North who have thought that segregation is really over. "It has jolted the North," he said.

Gi Torres will beam with pride when he hears about this.

The former Washington infielder, you see, is the scout who signed Marcelino Lopez for the Philadelphia Phillies and the young Cuban had quite a day for himself Sunday in the Eastern League.

Lopez pitched a five-hitter and belted two homers good for three runs in leading Williamsport to a 4-1 victory over Lancaster. It was his sixth victory against four defeats and enabled the Grays to regain second place.

Williamsport also picked up a half game on league-leading Springfield which split a doubleheader with Johnstown, dropping the opener 3-2 but taking the nightcap 3-0. The Grays now trail by only five games.

Binghamton, after dropping an 11-6 doubleheader opener to Reading, came back to take the second game 3-2. But the split dropped the Trips into third place, .001 percentage points behind the Grays.

ELLIOTT UPSET OVER COMMAND
By ED CORRIGAN
Associated Press Sports Writer

LONDON (AP)—Jim Elliott, coach of the touring United States track team, today was assured he had complete command of his troops and promptly withdrew his threat to head for home.

"We have things straightened out," said Elliott as he prepared to lead the main portion of the team into Moscow for a meeting with the Soviets next weekend. "We all know where we stand."

A dispute arose Sunday when the team set down here. Manager Joe Mangano announced that White City Stadium had been engaged for a practice as soon as the 31 men and 17 women could get there. Then he asked for a show of hands on whether the group wanted lunch.

THREATENED TO QUIT
Elliott demanded to know whether "the managers or the coach is running the team, and why I was not consulted on these matters. I need this coaching job like a hole in the head."

Then he threatened to quit. "It was all a misunderstanding," said Pinky Sober, chief of the AAU track and field committee, nervously. "Each man has his own duties and they were defined to all concerned."

Elliott had the team up at almost the crack of dawn today and took up the White City effort which was made by Jack Crump of the British AAU. After the workout, the team was scheduled to board its chartered airliner for the trip to Moscow.

flowered halo hat with tulle. The bridesmaid was Miss Winifred Bowman, Mercersburg. She was attired in a gown and hat matching that of the matron of honor.

RECEPTION HELD
The best man was Malcolm Linville, Cleveland. The ushers were Richard Gito, Cleveland, and Richard C. Gove, Skaneateles.

The bride's mother was attired in a blue shadow print silk organza dress with black accessories. The groom's mother was attired in a royal blue embroidered chiffon sheath dress with white accessories.

A reception was held at the home of the bride's parents, Jaina Farm, R. 6. For their two-week wedding trip to New England and Canada, the bride chose a raspberry raw-silk sheath dress with matching jacket and white accessories. Upon return they will reside at 21253 Chardon Rd., Cleveland.

The bride graduated from Biglerville High School and Shippensburg State College, and has been teaching in the Hyndhurst School in Cleveland. The groom graduated from Youngstown High School, Ohio State University, served two years in the armed forces and is employed by Merrill Lynch, Fenner and Smith at Cleveland.

Out-of-town guests were from Cleveland, Youngstown, Canton, Columbus, Springfield, Ohio, Baltimore, Detroit, Philadelphia, Harrisburg, Kingston, Mercersburg and Wilkes-Barre.

Scientists now believe the earth to be between 3½ and 4½ billion years old. The oceans are believed to be less than 600 million years old, however.

Wilkins echoed that view, pointing out "the NAACP has created nationwide opinion that has made segregation dead. But there is no doubt that segregation practices will continue and we will continue to fight them."

He praised the "Freedom Riders" in the South, saying their actions have awakened the complacency in the North who have thought that segregation is really over. "It has jolted the North," he said.

CHARLES GETS
66 TO SMASH
COURSE MARK

BIRKDALE, England (AP)—Bob Charles, a 25-year-old New Zealander, broke the Birkdale course record with a 6-under-par 66 while favored Arnold Palmer of Latrobe, Pa., carded a creditable 71 in the first qualifying round of the British Open Golf Tournament today.

Palmer was hampered by a lashing rain and a tiff with a movie cameraman but finished with a 1-under-par 34-37-71 for the par 36-36-72, 6,844-yard layout.

Frank Stranahan, of Toledo, Ohio, a two-time winner of the British Amateur and now a pro, also had a 71 on 36-33 for the Birkdale course.

Charles, a left-hander, shattered the record of 67 set by Syd Scott of England in the 1954 British Open. The New Zealander wielded a hot putter in scoring 35-81.

Palmer complained that the cameraman bothered him on the 10th hole where he shot a six, two over par. He more than made this up, however, to come home one under par on the Hillsdale course.

There are 350 golfers in the field. Each shoots a round of 18 on both the Hillsdale and Birkdale courses, with the leading 120 starting tournament play Wednesday.

The hard-hitting, easy-going Palmer, from Latrobe, Pa., battling South Africa's Gary Player for the money-winning title on the American circuit, admitted:

"This is a championship I want to win—sometimes."

DISSATISFIED WITH WOODS
"But I'm not satisfied with my woods at the moment. All keyed to go? Well, I hope so."

Palmer, 1960 U.S. Open and Masters champion, has made a detailed analysis of the tricky holes on the 6,844-yard, par 72 Royal Birkdale course that could keep him from the championship.

The sixth—a 468-yard affair set among the sand dunes and gorse bushes—is a tedious hole, Palmer said.

MUST BE CAREFUL
"You've got to be very careful. There's a cross bunker and you've got to lay off from the tee. The second is very exacting too. It's a blind shot because of the mounds blocking the green."

Palmer, rated the 5-2 favorite, pointed out: "This is a flat sea-side course with no hills and no trees. The lack of trees makes judging distance difficult. Anybody who overshoots the greens is going to be in trouble."

Fifteen Americans are entered. Palmer is the only one given a serious chance of winning the title, which was first competed for 101 years ago. Player is the second choice. Defending champion Kei Nagle, who beat Palmer by one stroke last year, also is well liked.

FIRST U.S. TITLE
The first time the title went across the Atlantic was when Jock Hutchinson, a Scot who emigrated to the United States, won it in 1921.

Since then it has made the crossing 13 times. Famous U.S. winners include Walter Hagen, Bobby Jones, Tommy Armour, Gene Sarazen, Sam Snead and Hogan.

No less than 369 golfers from 19 countries are entered for the two 18-hole qualifying rounds today and Tuesday. The low 120 scorers advance to the 72-hole medal play championship with 18 holes Wednesday and Thursday and the final 36 on Friday.

BURY MRS. MILLER

BRIDE'S MOTHER
The mother of the bride wore a white silk sheath, beaded and embroidered in yellow, with yellow accessories, and a white and yellow orchid corsage. The mother of the groom wore an aqua lace and chiffon sheath with matching accessories and a white and fuchsia orchid corsage.

At the reception the bride's table was decorated with white candles, baby's-breath, sweetheart roses and delphinium. A five-tiered wedding cake was surrounded with smilax and white sweetheart roses with a sweetheart rose arrangement on top of the cake.

Following the reception, the couple left for a honeymoon tour through the New England states and Canada. For her traveling costume, the bride chose a light blue linen sheath with matching accessories and wore a white orchid corsage. On their return, the couple will reside in Coral Gables, Fla.

A graduate of Gettysburg High School and the University of Miami, the bride is publicity assistant for the Florida Power and Light Company. The groom, a graduate of the Syracuse and Columbia Universities, is presently practicing dentistry in Coral Gables.

Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times

ONE HUNDRED YEARS AGO

Pennsylvania College: The students of Pennsylvania College raised a new flag staff, measuring 40 feet in length, upon the Cupola of the main building on Saturday evening, the 29th ult. From the top floats a magnificent streamer, red, white and blue, with the thirty-four stars upon the Union. A number of speeches were made on the occasion.

The Confederate Commissioners To Europe: The Charleston Mercury of the 29th is quite dependent over the results of Secession diplomacy. It says of the refusal of Great Britain to permit privateers to bring their prizes into British ports: "We are only surprised that any of the Commissioners have remained a day in London after this order was issued. This is an act of hostility, which, it appears to us, ought to have arrested all conference with British authorities. It was well known that, whilst Great Britain has the greatest interest in the independence of the Confederate States, there is an element of antislavery fanaticism which would, in all likelihood, paralyze her counsels in our favor."

Accumulating Men: Of the 400,000 men asked by the President, 250,000 are now in the field, and 50,000 more can be placed under arms within two days from the hour in which Congress shall give the requisite authority. The whole number can be obtained without resort to draft in any State, and the spectacle of almost half a million of volunteers in arms will be one the world never deemed it possible to see; and indicates the great accumulated national power of the United States. European nations might well shrink from a contest with such a mighty nation as ours.

SEVENTY-FIVE YEARS AGO

Smothered To Death: Monday of last week, Hendricks Tilden, a nine-year-old son of Mr. Nathaniel G. Wagner, of Spring Grove, York county, was smothered to death in a bin of shelled corn, at Smyser's ware-house. He with some boys was on the third floor where large quantities of shelled corn were stored. The bins are eight feet in depth and were filled with corn. From the bottom of each bin a spout twelve inches square descends to the floor beneath. The process of emptying one of the bins had commenced when young Wagner jumped in among the corn with the object of hurrying its descent, when he disappeared from sight, the corn covering his person with the exception of one hand. The alarm was immediately given and Mr. Smyser, hastening to the spot, tried to extricate the lad. An axe was procured, and with the assistance of neighbors the partition of the adjoining bin was broken down, which caused the corn to flow in that direction and the body was removed in a lifeless condition.

Married In The Open Air: One evening last week a man and a woman made application to D. N. Dittmer, of Littlestown, to be married. When it was discovered that the license they exhibited was from Maryland there was considerable dismay in the party, but soon it was agreed that the parties would cross the line to have the ceremony performed. Accordingly the clergyman and the applicants were soon in one vehicle, proceeding at a round pace for "My Maryland." Having arrived at the desired point holding the horse with one hand by the lantern's light, the parties then made for their respective destinations.

Today's Talk

IN THE OPEN SPACES
When they let Bonnard, "Prisoner of Chillon" out of that Lake Geneva castle's dungeon, it is said he couldn't understand what it all meant so he asked to be put back again.
There are many more people in the world who are self-jailed than all those who have been put into prison.
And all they have to do is to unlock the doors of their jails themselves—but they won't do it. They seem to like to be in jail! Or maybe they don't understand.

What is freedom, anyway? Who has it?
Sometimes I think the only way to get and have freedom is to love it enough so that you live it.
There is nothing that gives one a sense of freedom like the great open spaces of a wild and rugged country.
I remember the thrill that came to me when I first caught sight of the Rocky Mountains—and afterwards when I climbed high and looked for miles out into space that held up the silver heads of reaching rocks which had been heaved ages ago into their place.

I felt so insignificant, like a tiny ant 'looking out, and up. I could understand the Psalmist's song: "What is man that Thou art mindful of him?"
And yet the greatest open space in this world is the open space of the mind. No matter where you are, you may live in fine freedom if your mind's doors and eyes are kept open.
Try not to get "used" to anything.
Live in the great open space—free to go and live and give.

Tomorrow Mr. Adams will talk on the subject: "The Touch Of Hands."

Just Folks

THE TEMPTER
The sun comes streaming through the door
And sets my little room ablaze;
It dances up and down the floor
And woos me in a dozen ways.
It flashes in my eyes, the while,
To lure me to a restless spot;
It bids me, now, like it to smile
And go where trouble is forgot.
It lures me to an open field
Where nature has begun to stir;
And I have half a mind to yield
And go my way, without a care;
And then it seems to dance away
Unto a stream where pickers are run;
Where I may sit and fish all day.
O, what a tempter is the sun!
It smiles and bids me now to be
Just like a child of three or four,
As happy and as trouble-free,
To follow it beyond the door
To where all nature is at play,
Where all the sweetest pleasures lurk;
The sun is luring me away,
But shucks! I have to stay and work.

Arendtsville and Littlestown kept up their first-place deadlock by scoring victories.

Four runs in the top of the fifth inning paced Arendtsville to a 5-2 victory at Taneytown. H. Spence rapped two of the winners' eight hits while Hopkins accounted for two of Taneytown's five.

In the bottom of the eighth Fairfield broke the tie with a pair of runs. With one out, Sites singled to right and stole second base. Later he stole home to put his team ahead after which Scott singled to send over another run.

Guy Weikert started for Fairfield but was relieved in the second inning by Sites. Weikert returned to the mound in the fourth and hurled shutout ball thereafter. Scott and McClutef each blasted a trio of hits for Fairfield while Ed Spence chipped in with two. Bolinger blasted three hits for McSherrystown.

IN GCC PLAY

Seven couples received prizes Sunday as 64 persons took part in the Scotch sixsome golf tournament at the Gettysburg Country Club on Sunday.

Floyd Brown and Mrs. Donald Wickerham walked off with top honors in the low gross division as they toured the 18-hole course with an 85. Second low gross prize went to Robert Codori and Mrs. Robert Davies who carded an 88.

Mrs. Jon Minnich and Philip Jones won first prizes in the low net division with a 68. Second place, low net, went to Mrs. David Stoner and Don Wickerham with a 70. A pair of couples tied for third place in that division. Mrs. Stanley Hull and Clark Smith and Mrs. A. S. Kunkel and Edward Nowicki landed 71s.

The sportsmanship award went to Mrs. Eugene Hartman and Edward Minter.

Gettysburg Little League

The Glenn L. Bream team moved into a tie for first place as it edged the Gettysburg National Bank 7-6 in the first game played Saturday afternoon at the Recreation Field. In the second encounter the Moose tripped the Elks 12-5.

A four-run rally in the top of the sixth enabled the Breammen to break a 3-3 tie and notch their eighth win against two setbacks. Doubles by Charlie Raffensperger and Rod Bowers, singles by Steve Miller and John Heiser and a trio of Bank miscues accounted for the four big winning runs.

The Bankmen put up a fine battle by coming back with three tallies in their half of the final frame. The trio of runs came on a double by Ed Hughes, singles by Ken Weikert and Larry White and a pair of walks to Ron Harman and Larry Saylor.

Ed Hughes paced both teams at the plate by collecting a trio of safeties for four trips to the plate. Tom Mowery, going the distance and pitching his first game of the season, receives the win while Larry White is charged with his fourth loss in five decisions.

GET 14 WALKS

The Moose took advantage of 14 walks and a pair of Elks' errors to win without too much difficulty. After the Elks captured a 4-1 lead at the end of the back with six runs in the second and were never behind.

Craig Swinn and Larry Shindler each banged out a pair of hits while the Elks were allowed only six scattered safeties. Jay Baker receives credit for the win while started Kevin Hetrick is charged with the loss.

Tigers Regain One-Point Lead As Yanks Split; Birds Take 3rd; Chisox Win Two

By ED WILKS
Associated Press Sports Writer
Ace right-hander Frank Lary pitched a three-hit shutout in the opener and the Detroit Tigers swept a doubleheader from the Los Angeles Angels 1-0 and 6-3 Sunday, regaining the American League lead by one percentage point over New York.

The Yankees split with Boston, winning the first game 3-0 behind the five-hit pitching of Roger Maris before losing 9-6.

Baltimore gained control of third place, seven games behind, by whipping Kansas City 8-0 on Steve Barber's four-hitter. Cleveland dropped to fourth when the Chicago White Sox thumped the Indians twice, 7-5 and 9-8. Minnesota beat the Senators 7-1.

STRUCK OUT 10

Lary (13-4) walked just two and struck out 10. The Tigers handed Eli Grba (5-9) his fifth loss in a row with a second-inning run when Norm Cash walked. Steve Boros was hit by a pitch and

FUTILE PHILS HAVE MORE WOE

CHICAGO (AP)—Troubles continue to pile up for the Philadelphia Phillies.

They lost the services of second baseman Tony Taylor for 10 days and pitcher Robin Roberts for an indefinite period in Sunday's 9-8, 8-5 doubleheader loss to the Chicago Cubs.

Taylor dislocated his left thumb on a head-first slide into home plate in the eighth inning of the opener in an unsuccessful try to score the run which would have tied the game.

ROBERTS HURT

Roberts—pitching in relief in the nightcap—re-injured his ailing right knee in the seventh when he broke to cover first base on a fielding play. He had to limp off the field. Roberts first hurt the knee last week in a slide into second base.

Meanwhile, the Phillies, hurting for experienced catching, signed former St. Louis Cardinals coach Daryl Johnson as an active player. To make room for him, they sent catcher Jim Coker to Buffalo of the International League on 24-hour recall.

Johnson, 33, who formerly played with St. Louis, Chicago and New York in the American League, had not caught a game since last season. Johnson, whose lifetime batting average is .226, was let out as a Cardinals' coach when the club fired manager Solly Hemus last week.

GLOBEMASTER WINS CLASSIC

By JOHN CHANDLER
Associated Press Sports Writer

In racing, some customers look back sadly to the losers, while others peek ahead hopefully and wonder where the winners are hiding.

This is a brief report on what happened Saturday, and a squint at next Saturday's \$100,000 Monmouth Park handicap minus Kelso, and the Brooklyn Handicap a week later at the same dollar value — plus Kelso.

Leonard P. Sasso's Globemaster, who cost \$90,000 at the Saratoga yearling sales, proved to be one of the top 3-year-olds in the land when he came up in the last stride Saturday to beat a 70-1 outsider, Editoralist, by a neck in the \$103,900 Arlington Classic.

WON OVER LONGSHOT

The Alberta Ranches' Four-and-Twenty, who also must be considered high in the 3-year-old picture although beaten in the Kentucky Derby by Jack and Katherine Price's Carry Back, romped from wire to wire in the \$122,900 Hollywood Derby. He won by 3 1/4 lengths over a longshot, We're Hoping.

As for Kelso, the Bohemia Stable's horse of the year in 1960, he will await the 1 1/4-mile Brooklyn Handicap July 22 at Aqueduct. This seemed to be a logical decision on the part of his owner, Mrs. Richard C. du Pont, and trainer Carl Hanford.

Kelso has won 10 straight races, including the Metropolitan Mile under 130 pounds and the Suburban Handicap with 133. Both were \$100,000 races, and are the first pair of the great but elusive Handicap Triple. In 1913, Whisk Broom II slammed the Met-Sub-Brook triple, and only Tom Fool in 1953 duplicated the feat. The three races go back into the 1880's.

Earl Battey belted two home runs and Ted Lepcio one as the Twins won their first at Griffith Stadium in six tries. Camilo Pascual (7-11) was the winner. Tom Cheney (1-1) lost it.

requiring assistance because of the heat.

Temperatures got hot too. Alvin Dark got thrown out of the first game in the ninth inning, the first time he's gotten the heave-ho since he's been manager of the Giants. Dark's fading Giants split a doubleheader with St. Louis, the Cards taking the first game 6-3 and San Francisco the nightcap 6-1.

Sunday's Weather Cooks Giant Fans

SAN FRANCISCO (AP)—The San Francisco Giants' Candlestick Park is usually windy, frequently cold. But Sunday was one of the hottest days ever at the stadium as 30,441 fans turned out.

The temperature was in the eighties, the umpires worked without their jackets for the first time in the Giants' history here and the first aid station worked overtime.

Officials reported two nonfatal heart attacks and 95 cases of fans

Conewago Nailers Squad Is Hustling, Eager Club

(First in a series of articles on the six Conewago Little League baseball teams.)

One of the front running teams in the Conewago Little League is the Nailers, managed by young, aggressive Al Livelsberger. Livelsberger attributes the success of his squad to the performance of six solid ball players and the hustle of an enthusiastic squad.

The team is centered around Ron Long, Ken Wierman, Al McKim, Larry Staub, Mike Lafferty and Dan Staub. Long is an experienced third sacker who has an excellent batting eye. He's a consistent hitter and a good rbi man. Wierman, who is the team's number one pitcher and who can play third base when called upon, is a powerful long ball hitter. Also capable of hitting the long ball are McKim and Larry Staub. McKim handles first base and an occasional pitching assignment while Staub is stationed behind the plate has a good arm to second.

GOOD DEFENSIVE MEN

Dan Staub and Lafferty are considered outstanding defensive men. Staub is a little guy who certainly knows his way around second base and Lafferty has nailed down the center field post because of his tremendous ability to chase flies.

Henry Noel is coming along fast and at the present backs up

Staub at second. Wayne Hetrick and Dick Jacoby are a pair of fine shortstops. Both men take turns at that important post. Working with Lafferty in the first unit outfield are Dick Keeney and Bill Topper. This is considered a well-balanced outfield. Behind the front line fly chasers are such outstanding men as Hugh Colgan, Dave Becker, Mark Staub and Gerry Livelsberger.

Fairfield Pony League

The two leading teams ran into plenty of trouble in Saturday afternoon's Pony League action. The league-leading Fairfield squad had to go 10 innings before pulling a 13-9 decision out of the fire over Mummaburg. Last-place Cashtown upset the Amvets 13-12 at Fairfield.

Fairfield scored five runs in the top of the third inning at Mummaburg to take a 6-1 lead, but Mummaburg fought back. The host club tallied one run in the fourth, two in the fifth, one in the sixth and four in the bottom of the seventh to knot the count after Fairfield scored three times in the fifth and sixth frames.

Following two scoreless frames, Fairfield crossed the plate four times in the 10th to clinch the win. Tom Rinedollar receives credit for the win while Dennis Bricker is charged with the loss.

Reds Maintain 5-Game Lead; Cubs Take Two From Phils; Giants-Cards Split

By ED WILKS
Associated Press Sports Writer

Frank Robinson was knocked down twice and hit on the arm by Los Angeles right-hander Don Drysdale, but clubbed a pair of homers, a double and a single for seven runs batted in as the Cincinnati Reds whipped the second place Dodgers 14-3 Sunday and regained a five-game bulge in the National League race.

Third place Pittsburgh made it

three straight over Milwaukee, by beating the Braves 5-4. San Francisco split a pair with St. Louis, the Giants losing 6-3, in the opener, before beating the Cards 6-1. The Chicago Cubs swept a doubleheader from Philadelphia 9-8 and 8-5.

Robinson hit the first of his homers against the Dodgers in the first inning off loser Roger Craig. His run-in with Drysdale came in the sixth, and he then tagged Dick Farrell for his second homer, in the eighth inning.

GIANTS BREAK STREAK

Gene Freese also homered while right-hander Joey Jay (12-4) checked the Dodgers on five hits, two of them home runs by John Roseboro and Charlie Neal.

A pair of homers by Walt Moryn drove in the Pirates' first three runs against Lew Burdette (9-6). Al McBean (2-0) was the winner in relief.

The Cards wiped out a 3-1 lead by the Giants and won the opener on a two-run homer in the eighth by Ken Boyer. But the Giants bounced back behind the four-hit pitching of Jack Sanford (4-5) and reliever Sam Jones in the nightcap. Lindy McDaniel (5-3) won the opener and Juan Marichal (6-7) lost it, both in relief.

The Cubs overcame seven errors with 28 hits in their sweep over the last place Phils. Ed Bouchee, hit two home runs and Al Heist one backing Glen Hobbie (6-9) in the opener and reliever Dick Ellsworth (4-6) in the second game. Art Mahaffey (7-10) and Chris Short (2-6) were the losers.

Jones Will Coach Richmond Frosh

Ben Jones, former Gettysburg High School football coach, has accepted the freshman coaching position at the University of Richmond.

Jones, who recently accepted the head coaching position at New Bedford, Mass., High School after two successful years at New Bedford, secured his release at New Bedford in order to accept the post at Richmond.

His wife is the former Nancy Scott, R. 2.

NEWBURGH TO USE STRICT WELFARE CODE

NEWBURGH, N.Y. (AP)—The city of Newburgh, defying the state, the federal government and its own welfare commissioner, prepared today to go ahead with a new set of strict welfare rules it says are needed to keep the city solvent.

The proposed new rules—widely hailed and widely condemned across the nation—are to go into effect July 15. A court action by the state of New York against the city appeared likely in the wake of the rules in Albany Friday.

The committee that conducted the hearing recommended that the State Welfare Board order Newburgh officials not to implement the 13 regulations.

REFUSE TO TESTIFY

Nine of the city's officials refused to testify at the hearing conducted by the State Social Welfare Board. The tenth, Welfare Commissioner John J. O'Donnell, disagreed with the others and testified he could not legally enforce

10 of the new rules. Newburgh officials maintain the Hudson Valley city of 31,000—5 per cent of whom are on relief—needs the rules to maintain its fiscal balance. Critics call the plan illegal, inhumane and discriminatory against Negroes, who are predominant among the welfare cases.

In his testimony to the board, O'Donnell said 10 of the new rules violate state or federal law. He cited the city plan to deny aid to mothers of illegitimate children while on relief.

He also agreed with the state that under federal rules able-bodied men receiving federal aid may not be required to work on municipal projects, as the new rules provide. O'Donnell said he was considering resigning.

When the board said it was limiting testimony to that directly connected with Newburgh's welfare rules, City Manager Joseph Mitchell and eight other city officials refused to testify.

Mitchell said after the hearing the board "did not want to hear anything about Newburgh's social and economic programs." He told reporters the city will go ahead with its program as planned.

The Newburgh branch of the National Association for the Advancement of Colored People issued a statement saying "racial discrimination is the motivating

factor behind the Newburgh program."

Newburgh officials have denied this throughout, saying the problem is purely one of taxes. The city spends \$900,000 a year for welfare—nearly \$500,000 to which comes from federal or state aid.

Chester Norris, Mississippi sophomore quarterback next fall, is a resident of Ft. Walton Beach, Fla.

VIAREGGIO, Italy (AP)—Ma-mel Codecasa lit a cigarette and tried to puff. It didn't work. Angriely he crumpled it up—and struck gold.

In the cigarette were four tiny gold rings. They apparently got mixed into the tobacco when a girl worker in the state cigarette factory lost a bracelet or necklace.

Businesses Are Reporting Faltering Profit Picture

By SAM DAWSON
NEW YORK (AP)—Translating business recovery into terms of larger profits is proving tough for many companies. And the stock market is paying increasing attention to their struggles.

Early reports on earnings in the first half of the year show 1961 net income still trailing 1960 at about the same rate as in the disappointing first quarter before the recession corner had been turned officially.

Many companies hope for a better second half, based on expectations of larger sales. But a goodly proportion concede that production costs continue to rise. Stiff competition is weakening prices in some industries. And both trends bode the profit outlook.

BANKS FALTER

Even the banks have now joined the parade of profit faltering, after generally showing rising earnings right through the recession. Most of the nation's largest banks report a drop in earnings in the first half, compared with a year ago. They blame a dip in interest yields on loans and other investments as well as rising operating costs.

The nation's railroads have been among the hardest hit by the recession. Its effects still plague the eastern lines particularly. They serve the large industrial areas where increasing production is just starting to mean more freight movement. Some lines have operated in the red until recently.

The Association of American Railroads estimates that the Class I roads (those with operating revenues of \$3 million or more a year) had combined net income of \$17 million in the first five months of the year, compared with \$195 million in the like 1960 period. A slightly better June should lessen the gap for the full six months.

Nonfinancial corporations heard from so far are mostly those with fiscal years closing earlier than the calendar year. Their first half results thus are short one or more months of the general recovery period. But their tightened profit margins are nonetheless interesting to their stockholders and to the U.S. Treasury, which will see

in declining profits a portent of loss of receipts from corporate income taxes.

The first 112 nonfinancial companies to report for their six months show 61 with earnings trailing the like 1960 period, and 12 operating at a loss, compared to 10 in the previous year.

Combined the 112 cleared \$243,500,000 in this six months period, compared with \$285,016,000 a year ago, for a decline of 14.5 per cent.

Some industries are touched by the recovery less than others. But as usual, individual companies within industries go their separate ways.

It's a thoroughly scrambled list, with almost as many reasons for the variations as there are companies.

But the totals lean to the downside and are still waiting for the general business recovery to beef up the profit margins.

GUNMEN FLEE WITH \$12,000

PITTSBURGH (AP)—Three armed men held up a restaurant operator as he was being escorted to a bank by a patrolman early today and escaped with about \$12,000.

Police gave the following account.

Irvin Weinstein, operator of Weinstein's Restaurant in the city's Squirrel Hill section and Patrolman Victor Olive were walking to a bank. As they passed two men looking in a store window, the men turned and pulled guns on them. The third gunman then came up.

The men took Olive's revolver and handcuffed him and Weinstein to the door of a building. They took the money and Weinstein's car keys, ran about 25 feet to Weinstein's car and drove off.

Police found the car a block and a half away from the scene of the robbery. Officers said the robbers apparently abandoned the car and got into another auto.

Weinstein estimated the amount of money taken at approximately \$12,000. No one was hurt. Police said the three gunmen were white.

the bride was attired in a gown of silk organza over peau de soie, fashioned over princess lines with a sculptured neckline of re-embroidered Alencon lace, short shirred sleeves and a basque waist. The bouffant skirt front was also adorned with appliques. The back was styled with a bustle bow ending in a chapel length train. A crown of pearls and teardrop crystals held her pure silk illusion veil and she carried a cascade bouquet of stephanotis, lilies of the valley and orchids. Her only jewelry was a single strand of pearls, a gift of the bridegroom.

Miss Harriet Gearhart, of Sunbury, college roommate of the bride, served as maid of honor. She was attired in a floor-length gown of hunter green organza over taffeta with a rounded neckline, short sleeves, and fitted waist with a bustle bow. She carried a bouquet of yellow roses and daisies.

The bridesmaids were Janice Stahl, Lewisburg, and Judyann Wagner, Beavertown. They were attired in dresses of the same style as that of the honor attendant in mint green.

Miss Judy Middlesworth, of Beavertown, served as junior bridesmaid. She wore a gown identical to that of the other attendants in Nile green and carried a bouquet of yellow daisies.

All the attendants wore matching organza crowns with circular tulle veils.

RECEPTION IS HELD

The mother of the bride chose a pink silk organza dress with scooped neckline, short sleeves and cummerbund. A matching hat, white accessories and an orchid corsage completed her costume.

The mother of the groom wore a sheath dress of aqua eyelet organza, featuring a square neckline, short sleeves, and organza cummerbund and bow. Her accessories were bone and her corsage was a white orchid.

Baird Collins, Loysville, acted as best man. Serving as ushers were Charles Kauffman, Shamokin; Wayne Rutz, Carlisle, and

John Renshaw, Camp Hill.

A reception immediately followed the ceremony in the church social rooms for approximately 150 guests after which the couple left for a brief wedding trip.

Lancaster Jail-Work Test In Support Cases Solves Family Payment Problems

EDITOR'S NOTE: Lancaster County allows certain jail inmates to leave the county prison long enough each day to work at their regular jobs. How has it worked out? Jerry Sapienza of the Lancaster New Era tells about the experiment in this story written for The Associated Press.

By JERRY SAPIENZA
Lancaster New Era

LANCASTER, Pa. (AP)—Each morning, several inmates of Lancaster County Prison don civilian clothes and trot unguarded off to work—in industrial plants, offices, restaurants and on construction crews.

At night, they return to jail and become prisoners once again.

The men are serving sentences for nonsupport. They are part of a plan, unique in Pennsylvania, which lets them keep their regular jobs so they can earn money to meet support payments ordered by the court.

HARMED FAMILIES

Before, men jailed for nonsupport usually lost their jobs and their families lost any chance of payments. Frequently, the families ended up on public assistance rolls.

"How could they pay up sitting in here?" asks Warden Jack F. Tracy, who suggested the "out-mates" program to court officials early this spring. "Many of these men also have a second family to support."

District Attorney Alfred C. Alspach, who helped Tracy work out details of the program, says, "There's no reason why the nonsupporter can't be made a useful member of society. We certainly don't want the taxpayers to support a man in jail and also take

care of his family on relief at the same time."

PLAN APPROVED

The plan was approved by County Court Judge Joseph B. Wissler and went into effect April 21. Here's how it works.

A person jailed for nonsupport is given his choice of the new plan or simply serving time. If he decides to become an outmate, he signs an agreement that if he fails to return, he has committed prison breach and will have more time tacked onto his sentence.

Tracy contacts the employer and arranges work hours. The part-time prisoner goes to work dressed in usual clothing. He might drive his own car if buses aren't running during his work shift.

HAS ALLOWANCE

The prison gives him an allowance for transportation, cigarettes and toilet articles, and will even pack him a lunch if he's in a job such as construction, where no restaurants are handy.

The outmate is given a "reasonable" time to return to the prison after work. Being late, or stopping at a tavern for a drink, are serious enough infractions to make him a full-time inmate. So far one man has been dropped from the program because "he was spending more time between job and prison than he should have been," Tracy said.

At the end of the week, the outmate endorses his pay check and turns it over to Warden Tracy. He deducts the support payments, the allowance money, and \$2 a day the county charges the prisoner for board and lodging.

REST IS SAVED

What's left is saved for the outmate until he completes his sentence.

Since the program started, Tracy has collected \$3,470, of which \$1,817 went towards current support payments, \$348 towards arrearages, and \$1,285 to the county for board and lodging.

Thirteen of the jail's 22 nonsupport prisoners are outmates. Some work night shifts. A short order cook leaves at 11 p.m. A truck driver hits the road at 1 a.m.

LIVE IN DOWN

"We're here for 24 hours," Tracy said, "so it doesn't matter to us as long as they go and come as they should."

The outmates live in a "dormitory" that is apart from the cell block but is guarded. Each outmate is searched and undergoes other routine security checks when returning to the prison from work.

Tracy predicted a hefty saving for taxpayers when the program gets rolling. The board and lodging fee will help meet costs of operating the prison, he said, and there will be considerable saving of public assistance costs.

DON JANUARY WINS TOURNEY

ST. PAUL, Minn. (AP)—Don January, the man who scored the \$50,000 ace at Palm Springs, Calif., early this season, had his first golf tournament victory of the season today.

The lean Texan from Dallas shot an 8-under-par 64 on his final round Sunday for a 19-under-par 269 to win the \$30,000 St. Paul Open and \$4,300.

January started the day four shots behind Buster Cupit, the club pro from Fort Smith, Ark., who was second with 270. Dave Hill of Denver finished third with 272.

January pulled away from the field in the middle holes, where he rapped in four birdies and chipped in for another from the 9th through the 15th.

Most of the younger pros and a few of the more seasoned veterans headed for Winnipeg, Man., after the St. Paul tourney ended. They will play in the Canadian Open this week. January, however, will skip the Canadian and rejoin the tour at Milwaukee, the last stop before the National PGA at Chicago.

U. S. WORKING WIVES ARE ON THE INCREASE

Prosperity note: During their lifetime the babies born in America in 1960 will buy half a billion pairs of shoes, 25 billion pounds of beef, 91 billion gallons of gas, 11 million new cars, 63 million suits and dresses, a million new homes—and heaven only knows how many aspirin tablets!

BYRD MACHINE FACES BATTLE IN VIRGINIA

By JOHN F. DAFFRON

RICHMOND, Va. (AP)—The hardest fought democratic primary battle in a dozen years winds up in Virginia Tuesday with the durable political organization of Sen. Harry F. Byrd challenged for the state's three top offices.

An estimated 400,000 voters will decide the outcome of the bitter Democratic family feud by nominating party candidates for governor, lieutenant governor and attorney general.

Consensus of the political pulse takers is that the organization candidate for governor, former attorney general Albertis S. Harrison Jr., has a comfortable lead over A. E. S. Stephens, the present lieutenant governor who broke ties recently with the Byrd forces.

OTHER RACES

And it is the race for lieutenant governor and attorney general that appears to be providing most of the uncertainty in usual

filling but nonfattening, has been recognized by the U.S. Food and Drug Administration as fit for human consumption.

It was Henry David Thoreau who observed, "Man is rich in proportion to the number of things which he can afford to let alone."

GOLIATH STORY CARRIED BY TV

"Davey and Goliath," a religious television series for children produced by the Department of Press, Radio and Television of the United Lutheran Church in America, can now be seen at 9 a.m. each Tuesday over WGAL-TV.

The animated-doll characters in this increasingly popular series are a boy named "Davey" and his dog, "Goliath." The show now enjoys a larger lineup of stations than any other regularly presented television series ever sponsored by the Broadcasting and Film Commission of the National Council of Churches, according to its executive director, the Rev. Dr. S. Franklin Mack. It is estimated that over 56 million "TV homes" are in the immediate viewing area of the 125 U. S. stations now telecasting "Davey and Goliath."

This show was recently selected by the committee on International Nontheatrical events as a United States entry in the 1961 International Film Festival to be held in Venice, Italy, July 13 to 22.

ly predictable primary fights in Virginia.

In the contest for lieutenant governor, State Sen. Mills E. Godwin, the strongly conservative organization candidate, is matched against State Sen. Armistead L. Boothe, a moderate on the school issue and a foe of the school-closing laws when Virginia was trying massive resistance to integration.

While Harrison, 54, is urging the nomination of the entire organization team, several newspapers who support him have called for nomination of Boothe and the candidate for attorney general on the opposition ticket, T. Munford Boyd, a University of Virginia law professor. A number of others including the Richmond papers, the state's largest, are backing the straight organization ticket.

FARM AND GARDEN

BIGGER FARM UNITS RISING WITHIN STATE

By RICHARD L. GRAVES
HARRISBURG (AP) — The era of the big farm has moved into Pennsylvania.

The trend toward larger and larger production units is picking up momentum, newly released census statistics indicate. The figures cover the five-year period between the 1954 and 1959 farm census.

In Pennsylvania the number of farms over 500 acres has increased more than 16 times, even though the total number of farms dropped some 25 per cent.

LARGE FARMS INCREASE
At the same time the number of farms ranging from 200 to 500 acres has increased nearly seven times, while the number of those in the 100 to 200-acre category has more than tripled.

In the smaller categories the number of farms has decreased. The smaller the size category, the greater the decrease in the number of farms during the five-year period.

During the same period that the number of farms decreased the total amount of land in farms also dropped from 13 million to 11.8 million. The decline in total land mostly represented the pressures of urban expansion, and industrial and highway development programs.

MORE EFFICIENT
But from the agricultural standpoint the growth of the size of farms from an average of 102 acres to over 118 acres underlines the economic fact of modern agriculture—the larger the production

unit, the more efficient.

In 1954 a farm of more than 500 acres was considered a big spread. There were only 95 such farms. But in only five years the number of farms over 500 acres had grown to 1,643. Of that group 222 were over 1,000 acres.

The sharpest decline in the number of farms in the five-year period came in the one to nine-acre category, a drop from 22,347 to 6,891. However, some 6,000 of that group were eliminated by a change in the census definition of a farm.

MERGING UNITS
The changes in the other categories probably represented farms merging into larger production units or going out of farm production into urban, industrial or highway uses.

In 1954 there were more than 49,000 farms in the 10 to 50-acre bracket, but by 1959 there were only 20,787.

In the 50 to 100-acre group the drop was from 30,801 to 25,763.

TWO CATEGORIES
The definition of "farm" in the census lexicon is divided into two categories—commercial and non-commercial. A commercial farm is one with sales amounting to more than \$1,200 or one where the operator receives more income from farming than from nonfarm sources.

Only 59 per cent of the Pennsylvania farms were classed as commercial units. That is because farming is a source of supplemental income in many areas, particularly the mining regions.

About 2 per cent of Pennsylvania's farms — some 1,718 units — had total sales of more than \$40,000 in 1959. Another 5,718 had sales of \$20,000 to \$40,000.

HALF DAIRY
More than half of Pennsylvania's commercial farms were dairies. About 7 per cent were classed as poultry farms. Those

two industries rank one-two in Pennsylvania in cash income.

Of the 41,000 noncommercial farms, some 11,000 were classed as retirement or part-retirement units with the operators over 65 years old.

The biggest economic class of farm was the operation having sales between \$5,000 and \$20,000. They represented some 32 per cent of the total.

EICHMANN IS GIVEN RECESS TO RED VIGORS

By THOMAS A. REEDY

JERUSALEM (AP) — Shaking from lack of sleep and nervous tension, Adolf Eichmann asked for and got a morning recess today to sleep off the rigors of his long trial. He returned to the witness stand in the afternoon, starting straight ahead with normally impassive demeanor.

Eichmann underwent rigorous cross-examination by Atty. Gen. Gideon Hausner during the last court session Friday. This was to have continued this morning but was suspended until the afternoon at Eichmann's request.

He slept during the morning on a narrow cot in his solitary confinement cell.

SHELL CRACKS
The former Gestapo officer, impassive until Hausner cracked his shell last Friday afternoon, was trembling and twitching when he entered his glass-enclosed cage in the courtroom this morning.

He sent a note to the tribunal through his defense counsel reporting he had spent a sleepless night and was suffering nervous tension.

The prison doctor examined Eichmann and said he was "perfectly fit but tired due to loss of sleep."

BAD WEEKEND
His guards said Eichmann had a bad weekend. "He's got the jitters," one officer said.

Eichmann has endured a year of confinement since his capture in Argentina and 13 weeks on trial with seeming calm.

He suffered an attack of nerves, described as a momentary heart flutter, the day the trial opened April 11 and a similar attack a month later. But otherwise he presented a rock-like mien.

Axis Sally Is Freed From Reformatory

ALDERSON, W.Va. (AP)—Mildred Gillars, the Axis Sally of World War II walked out of federal prison today with a flourish.

The starring voice of Nazi propaganda broadcasts was still the actress.

A reporter asked for a statement on her first reaction after 12 years in prison, and Miss Gillars replied, "Well after some 15 years in prison, what am I supposed to say?"

That's as far as she would go. She was hustled into the car of a sister, Mrs. E. Em Nieminen of Ashtabula, Ohio, and was driven off.

CONVICTED OF TREASON

Miss Gillars was convicted of treason in March 1949 and was sentenced to from 10 to 30 years. She was released on parole today.

As Axis Sally, she conducted Nazi propaganda broadcasts during World War II beamed to American troops overseas and Americans at home. She played sentimental recordings and won-

dered aloud to the GIs about what their girls back home were doing.

Miss Gillars, now 60, said she could not say whether she was going into a convent—as has been reported.

At her trial in Washington, D.C., in 1949 she blamed love for her troubles. Frustration played a part, too.

STAGE DREAM
Born in Maine on Thanksgiving Day, 1900, she grew up dreaming of acclaim on the Broadway stage. She went to New York, took a Greenwich Village apartment and worked at her career.

But success never came, and she went abroad. North Africa, Italy, France, Hungary, then Germany. This was just before Hitler's troops started their march down what was to be a road to destruction.

It was in Dresden, Germany, that she met an officer in the German foreign service who had once been a teacher at Hunter College in New York City. She fell in love, she said.

Miss Gillars testified at her trial that the man—the late Max Otto Koischwitz — convinced her she should make the broadcasts. She claimed he wrote and directed the scripts that she read over the radio.

Prison officials say Axis Sally now wants to teach music in a convent.

SAYS MARINE HELD 43 DAYS IN SMALL ROOM

SAN FRANCISCO (AP) — The defense attorney for court-martialed Marine Pvt. Stobo C. West says the Marine was confined 43 days on Okinawa in a concrete building, five-by-seven feet and six-to-seven feet high.

"Unbelievable, sadistic and barbaric," Lt. Col. James E. Stauffer declared Saturday in appealing West's conviction a year ago by general court-martial on a black-marketing charge.

West, 31, is in the brig at the Navy's Treasure Island base in San Francisco Bay. The South Carolina Marine is serving a five-year sentence and is being held at Treasure Island pending the result of his appeal.

The Navy's judge advocate general's section at nearby San Bruno has asked the prosecution to present its side July 18 at a public hearing in San Bruno.

Stauffer said that the period in the solitary cell was served by West prior to his trial on Okinawa.

At Spartanburg, S.C., West's wife, Barbara McGowan West, declared that Marine authorities have not allowed her to talk to her husband by telephone. The Wests have a two-year-old son, Clifton.

49 Are Killed In Formosa Crash

TAIPEI, Formosa (AP)—The toll from a train-bus collision in Southern Formosa rose today to 49 dead.

Twenty-seven persons were still on the critical list. Blood transfusions were being administered to all of them.

The disaster Sunday, worst of its kind in Formosa's history, occurred when an express train rammed into a bus near Chiayi. The bus was split in two and the wreckage toppled into a canal.

Both the bus driver and the conductor, a girl, were among
